Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Albany CSO Pool Communities Corporation as of September 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. ALBANY CSO POOL COMMUNITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2017 AND 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Albany CSO Pool Communities Corporation is formed as a Charitable Corporation pursuant to Section 2-1 of the N-PCL, and will be operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended.

The Corporation was formed for the purpose of reducing discharges of wastewater and stormwater from combined sewer overflows within the municipalities (i.e., cities of Albany, Cohoes, Rensselaer, Troy, Watervliet and the village of Green Island) that are the members of the Corporation, in order to protect the quality of the waters therein and to achieve compliance with all federal, state, and local laws, regulations, and permits applicable to the management of combined sewer overflows in the municipalities that are the Corporation's members.

The Corporation shall carry out the foregoing purposes, on behalf of its member municipalities, by soliciting, entering, administering, and performing any contracts necessary or incidental to the implementation of the Albany CSO Pool Long Term Control Plan dated June 30, 2011, together with the Albany CSO Pool Long Term Control Plan Supplemental Documentation, dated October, 2013 (collectively, the "LTCP"), as both were approved by the New York State Department of Environmental Conservation ("NYSDEC") on January 15, 2014, as well as any amendments or revisions to those documents made and approved in writing by the NYSDEC.

The Corporation may also assist the member communities by applying for, obtaining and contracting with any federal, state, or local governmental agency or foundation, organization, or natural person for the purpose of obtaining grants, loans, or other forms of financial assistance, and expending or authorizing the expenditure of such funds in furtherance of the purposes of the Corporation.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments with an initial maturity of three months or less, or which are redeemable on demand. Fair value approximates carrying amounts.

Accounts Receivable

The Corporation does not maintain any allowance for estimated uncollectible accounts. It is management's opinion that all receivables are collectible.

Income Taxes

Albany CSO Pool Communities Corporation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and, therefore, has made no provisions for taxes in the accompanying financial statements. The Corporation is exempt from filing federal and state income tax returns under IRS Revenue Procedure 95-8.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2017 AND 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

Uncertain Tax Positions

The Corporation files information returns in its U.S. federal jurisdiction and New York State. The Corporation's returns for its years ended September 30, 2017 and 2016, are subject to U.S. federal and New York State examination.

The Corporation follows the provision of uncertain tax positions as addressed in FASB ASC 740. The Corporation has been granted tax exempt status as a nonprofit organization, which management believes would be accepted upon examination by the taxing authorities. Management has determined that it currently has no other uncertain tax positions to report for the year ended September 30, 2017.

The preparation of financial statements in accordance with generally accepted accounting principles requires the use of management's estimates. Accordingly, actual results could differ from those estimates.
