3. Financial Statement through November 30, 2014

The financial statement represents activities through November 30, 2014. Through the first eleven months, revenues are at 82% and expenses are at 87%. The revenues do not reflect work completed during October and November for contracts that are billed on a quarterly basis. The expenses reflect the rent paid in full for 2014, employee health insurance and the NYS Retirement bill in the amount of $87,498. The consultant services line item is over budget due to hiring Zone 5 to re-design the website.

There is approximately $163,301.21 cash in the bank and outstanding receivables totaling $161,434.92. The Accounts receivable from “Other Gov’t Entities” is money
due to CDRPC for work associated with the CSO project. Upon finalization of the NYS
Department of State grant contract, CDRPC will be fully reimbursed.

**Action Taken**

The motion was approved unanimously.

5. **Proposed 2015 Budget**

Rocky went over the highlights of the 2015 proposed budget.

The proposed county dues will remain the same for 2015. Each county’s assessment
reflects its proportionate share of the population based on the 2010 Census as required
per the Inter-municipal agreement establishing the Commission in 1967.

The FTZ line item was reduced from $30,000 to $25,000, and Sean Maguire will be
pursuing opportunities to generate more activity in 2015.

The Economic Development Administration (EDA) contract is for the period July 1,
2014 through June 30, 2015. The funding has been increased to $70,000 this past year
and anticipates having a similar amount awarded beginning July 1, 2015.

The Water Quality program and the Transportation Planning program are projected to
remain the same based on current contracts beginning April 1, 2015 through March 31,
2016. The amount under the UPWP account is slightly higher due to a carryover amount
into 2015.

The Intern line item has been increased to accommodate an additional part time person
during the nine months and full time during the three month summer break. The
positions are filled if warranted to meet program requirements.

For 2014 the year will likely end with a surplus. If that is the case, the end of the year
unrestricted Fund Balance will be approximately $340,000

9. **LTCP – CSO Update**

The final draft of the Albany Pool and County Sewer District Inter-Municipal Agreement (IMA) has been submitted to DEC. Before Albany and Troy can close on their EFC debt financing, each of the Albany Pool Communities will need to sign onto the Albany Pool IMAs and the State Historic Preservation office needs to complete the review of all projects within the next three years of program activity. The communities now have possession of the IMAs and we anticipate them getting signed in the next few weeks.
The Discharge Notification System is an interactive website that is now online and fully operational. The website is www.albanypool.org.

The Pool communities have submitted a Post Construction Monitoring Program to DEC in response to their comments on the draft plan previously submitted.

The APCs and County Sewer Districts continue to meet twice per month at CDRPC with project consultants and support staff. CDRPC and the support staff also meet with DEC once a month to report on project implementation, obtain program guidance, and generally be available for LTCP implementation questions and concerns. NYS DEC is pleased with the work that has been done on the CSO project.
