# Climate Smart Communities New Lebanon, NY

### **Certification Actions**

Below is the list of actions that are part of the Climate Smart Communities (CSC) Certification program. Click on the pledge elements (PE) and action names to expand the listings and learn more. Actions tagged with "Competitive Funding Available" in the list below were eligible for funding under the 2019 round of the DEC CSC Grant Program.

November 27, 2020: As part of our annual updates, select actions have been revised. This especially applies to actions under PE7. The four-page list of the names of the CSC certification actions and their status is known as the action checklist. The new action checklist that summarizes the recent updates is available via this link. (The old action checklist, from April 2020, remains available via this link.)

NYSERDA Clean Energy Communities (CEC): We are in the process of making the revisions needed to align the CSC certification actions with the new round of CEC high-impact actions. We will post the new version of the crosswalk table that lists the equivalent actions as soon as it is available. (Click here for the old CEC CSC crosswalk from April 2020.) Contact climatesmart@dec.ny.gov with questions. Thank you for your patience.

TOWN OF NEW LEBANON RESOLUTION #14, 2020 CREATION OF THE CLIMATE SMART COMMUNITIES TASK FORCE APRIL 14, 2020

At the regular monthly meeting of the New Lobanon Town Board, held via video and teleconference, duly called and held on the  $14^{ch}$  day of April 2020, the following Resolution was proposed and seconded:

Resolution by Supervisor Houghtling Seconded by Councilmember Gordon

CREATION OF THE CLIMATE SMART COMMUNITIES TASK FORCE

- WHEREAS, the Town of New Lebanon took the Climate Smart Communities Pledge in February of 2020; and
- WHEREAS, the next step in the Climate Smart Communities Program is to establish a Climate Smart Communities Task Force; and
- WHEREAS, the Climate Smart Communities Task Force should include members of the Town's Conservation Advisory Council, the NL Representative to the Columbia County Environmental Management Council, and members of the public; and
- WHEREAS, the Town sent notice to the public looking for member of the public interested in serving on the Climate Smart Task Force and received 8 letters of interest from members of the public; and
- WHEREAS, the NL Representative to the Columbia County Environmental Management Council and 3 members of the Town's Conservation Advisory Council have agreed to serve on the Climate Smart Task Force with the NL Representativo to the Columbia County Environmental Management Council serving as the Climate Smart Communities Coordinator and a member of the Town's Conservation Advisory Council serving as the Chair; and
- WHEREAS, the Climate Smart Communities Coordinator position shall serve as the single point person to serve as liaison among the governing body and chief executive and shall have a commitment to local climate action, good communication and organizational skills, demonstrated ability to motivate volunteers and the ability to manage relationships among elected officials, municipal staff and volunteers and
- WHEREAS, the Climate Smart Communities Chair position shall as liaison among task force members and chair all climate smart task force meetings and shall have a commitment to local climate action, good communication and organizational skills, demonstrated ability to motivate volunteers and the ability to manage relationships among volunteers.
- IT IS HEREBY RESOLVED that the Town Board of the Town of New Lebanon hereby establishes the Climate Smart Task Force with the following members and positions:

Bruce Shenker – CSC Coordinator and NL Rep to CC Enviro Mgt Council Steve Powers – CSC Chair and CAC Rep Robert Gilson – CAC Rep Jenna Barbary – CAC Rep

## Thanks Covid!

## Composting 101

### IN NEW YORK STATE, 3.9 MILLION TONS OF FOOD ENDS UP IN LANDFILLS EACH YEAR.

In landfills, food slowly decays and produces methane, a greenhouse gas that contributes to climate change.

Composting is a way to use that food waste to grow more healthy food, and to produce less methane.

### HOW DO I COMPOST?

Our town compost is vegan - this means that we can accept any plant based products, but no meat, dairy, eggs, fats, or oils. All you need is a small bin with a top for your own counter - keep all your food scraps in there, then drop them off at the community garden when full.

- Fruits Vegetables
- Coffee Grounds
- Grass clippings
- Sawdust
- Dried Leaves

NO: · Meat, fish,

- shellfish, meat products
- · Dairy products
- Oil/fat Eggs

COMPOS

Low-cost compost buckets are available at local businesses and online

## SUNDAY | NOVEMBER 22, 2020

STARTS AT 11 AM

LEBANON VALLEY FIRE DEPARTMENT 523 RTE 20, NEW LEBANON, NY 12125

You are invited with your family to visit

## **The Free Store Giveaway Event**

to shop for clothes, shoes, toys, and more **all for free**. Please wear a mask and don't forget to bring your own recyclable shopping bags .

We will be observing social distancing measures and admitting attendees cautiously.

Please comact the normy programming kits.)

**Community Ornament Project** 

Normally we have a community potluck to celebrate the end of the year. This year we are doing something a little different. We would like to ask for you to drop by the library and pick up a wooden ornament, decorate it and return it to the library. We want to turn the library into a collaborative art piece for the holidays-both inside and outside. Even if we cannot share a common started out right--with balloons, content Super and fun crafts. Please watch the library website and social media for when these new the tr kits will be ready for you to grab! the b Special Programs

## **NEW LEBANON Free Store Giveaway** Well Attended

The Town of New Lebanon free store, started by now Town Supervisor Tistrya Houghtling 5 years ago when she was Town Clerk, is now being overseen by the Climate Smart Task Force of New Lebanon as one of its climate smart actions (reduce, reuse, recycle). Since COVID started, the Free Store has not been able to be accessed by the public, with donations just sitting Sunday. Photo provided. untouched at the town hall.

CSC member Sarah Steadman and health screening, wore masks and sani-Lebanon Valley Protective Associa- ensure a safe, socially distanced event. tion (LVPA) fire house where there was tions and safely socially distance. CSC volunteers, Supervisor Houghtling and in on Sunday, November 22 from 11 use for free. All visitors were given a a wonderful thing to be a part of ours!"

### New Lebanon, NY

# Buy Local/Buy Green

#### **Climate Smart Communities News:**

New Lebanon Farmer's Market All Year Long!

Even though your own garden may be frozen solid, you can still find fresh vegetables by going to newlebanonfarmersmarket.com.

The website offers a selection of produce, breads, cheeses, and meats, all produced in the New Lebanon area, which can be delivered or picked up in town on Thursdays and Sundays.

By supporting this local food system, you are providing for the health of our rural community as well as your own health. Buy Local, Buy Green!

Besides, the offerings are delicious, varied, and sometimes surprising — have you ever tried tetsukabuto squash? #ClimateSmartCommunities #NewLebanonFarmersMarket #FreshLocalFood #BuyLocalBuyGreen

## NL becomes certified Climate Smart Community

was difficult to do via Zoom, members of the New Lebanon Climate Smart Communities Task Force shared a moment of satisfaction at their latest meeting when Chair Steve Powers announced that their work had made New Lebanon the first town in Columbia County to earn Bronze certification from the New York State Department of Environmental Conservation's "Climate Smart Communities" program.

This program is the state's approach to getting communities to think about and act on

NEW LEBANON-Though it reducing greenhouse gas emissions, increasing clean energy sources, and building more resilient communities. Towns that join the program are given lists of environmentally beneficial measures, from changing the light bulbs in government buildings to distributing composting information. Each action is worth a certain number of points. A list of the 130 points worth of actions that New Lebanon completed to win certification is available at climatesmart.ny.gov.

Chair Powers reflected that the Task Force was "fortunate

to have great patrons in Town Supervisor Tistrya Houghtling and the Town Board who supported us at every step of the way. We are thrilled the DEC recognized the hard work put in by a motivated group of volunteers who care about their town and the environment. Special thanks to our Task Force, our advisor Marc Anthonisen, who is currently earning a Masters in Public Administration from the Cornell Institute of Public Affairs, and our liaison to the DEC Jill Falchi-Henck. In addition to striving for Silver, we hope to mentor neighboring communities so they too can achieve Bronze."

Supervisor Tistrya Houghtling said, in a press release, "As Town Clerk I worked hard to get New Lebanon designated as a Clean Energy Community and it is such an accomplishment for us now to also be a Climate Smart Community with Bronze status. The actions the town is taking through these programs benefit our community in so many ways: decreasing our environmental impacts, saving tax dollars, and providing free bikes, clothing, etc for our community

members. I especially want to thank our CSC chair, Steve Powers and our CSC advisor, Marc Anthonisen for their extensive time and effort in helping us achieve bronze status in record time."

MARCH 11, 2021

This certification provides the town higher scores on grant applications for some state funding programs and streamlined access to resources, training, tools and expert guidance.

The Task Force has already embarked on actions to earn the 300 points needed for Silver certification.

Cuomo moved village elections Party is running for one of the Casey. Current Valatie Mayor

# Summary

## Critical success factors

- Small scale town
- Appropriate messaging
- Amazing volunteers

## Road to Silver

- Community GHG inventory
- EV charger
- Resilience planning
